

#### Product information

### WasteBox

#### Waste bins. Recycling system.

**Waste** separation system consisting of waste-paper baskets and litter receptacles, each of shock-resistant plastic. Waste-paper baskets and litter receptacles come in two different sizes (see table). Litter receptacles, which can be used for both waste-paper basket sizes, are available in black, the waste-paper baskets in blue, green, grey, yellow or black.

**Waste-paper** basket of shock-resistant, flame-retardant plastic in grey or black.
