

Product information

Clapp-4R

Folding table with round tubular legs.

Frame consisting of two rectangular tubular steel edgings along the long side, screwed rigidly to the tabletop. The two U-shaped leg brackets made from round tubular steel are activated by means of a folding mechanism with safety bracket and then locked in place when open or closed. The leg brackets are chrome-plated or coloured and edgings are black powder-coated with epoxy resin. The table legs have levelling screws, glide elements for hard or soft floorings.

Tabletop made from 0.8 in melamine resin-coated chipboard with glued plastic edge or from highly rigid 0.55 in HPL solid board. Equipped with angled corners in all cases.

Equipped with stack protection to prevent scratches and damage to surfaces. A stacking cart can be used to transport the folded tables.

The following material groups are available: Frame made of steel: M1,(chrome-plated); Top made of chipboard: L6; HPL-top: L4.
