

Product information

EcoTable-R

Student tables with round legs.

Frame made from welded round steel legs with a rectangular steel top frame, all powder-coated.

Table in 7 or 8 fixed heights or with Allen-key height adjustment, heights in accordance with DIN EN 1729.

Tabletop made from a chipboard core and a continuous pressure laminated surface (CPL), a laminated LIGNOpal chipboard with plastic edge, or a phenolic top - all models available with square or rounded corners. A2559 model available with exceptionally strong LIGNOdur top with softly rounded waterfall edges.

Equipment and options: Tables with glides for hard floors, soft floors, or 2-component universal glides; with adjustable glides; or with 2 or 4 casters, 2 of which are lockable (model A2559 not available with 4 casters). Note: 29.15" table height cannot be combined with casters. Optionally available with a built-in plastic Grattells box, chair suspension rails, or metal grid bookshelf under the tabletop, as well as backpack hooks on the side and a modesty screen at side opposite from user (model A2559 not available with chair suspension rails or modesty screen). Model A2559 optionally available with a 3.38" solid metal bookbox under the tabletop.

The following material groups are available: Frame made of steel: M1; Top made of CPL: L2; Top made of LIGNOpal: L6; Top made of LIGNOdur: L1; Top made of phenolic: L4.
