

Product information

EcoTable-R

FloorFriends tables for floor-level learning.

Frame consisting of an all-round rectangular steel edging with welded-on table legs made from circular tubular steel, powder-coated with coloured epoxy resin. Table with levelling screw-type feet, glide elements for hard or soft floorings or universal glide elements.

Tables in extra-low heights of 40 cm for floor-level learning.

Table top made from 19-mm or 25-mm melamine resin-coated or laminate-coated chipboard with glued plastic edge or highly rigid moulded PUR edge. Some also with rigid 13-mm HPL top. All models available with angled or curved (radius = 25 mm) corners.

Optionally available with plastic Grannells box integrated in the edge frame.

The following material groups are available: Frame made of steel: M1; Top made of chipboard: L6; Top made of chipboard (PUR edge): L2; HPL-top: L4; Chipboard with laminate: L2; Grannells plastic box: C3.
