Product information

MediaCenter-GF 1.0

Mobile, gas-spring height-adjustable support system including storage space for VS displays.

Mobile unit comprising a steel frame with a body made from melamine-coated chipboard panels. Body with lockable drawers. 4 double swivel castors (100 kg load capacity per castor, or 300 kg total load capacity), 2 of which have foot brakes.
Pair of pylons (pair of columns) made from extruded, naturally anodised aluminium profiles. Gas spring-assisted height adjustment, running smoothly, quietly and maintenance-free within the columns. Display can be moved vertically in front of the pylons.
VS displays of the P4 type are available.
Optionally available with a sound system, cable sets, OPC, projector, mini-PC and Apple TV.
Service: Includes freight, professional assembly and handover with a functional test.
