Product information

MediaPilon-EL 1.4

Electrically height-adjustable support system with 4 side panels for VS displays.

Pair of pylons (pair of columns) made from extruded, naturally anodised aluminium profiles. Electrically height-adjustable; runs smoothly, quietly and maintenance-free within the columns. Display and panel wings move vertically in front of the pylons. See table for maximum pylon height.
Configuration. Wall mounting.
4 board panels made of sheet steel, screwless framing with rounded profiles and a dirt-collection channel, each made of naturally anodised aluminium. Fitted with plastic safety caps at the corners.
VS displays of the P4 type are available.
Optionally available with a sound system, cable sets, OPC, burner, mini-PC and Apple TV.
Service: Includes freight, professional assembly and handover with a functional test.
