Product information

MediaPilon-GG 1.0
Height-adjustable mounting system for VS DUAL displays.

Pair of pylons (pair of columns) made from extruded, naturally anodised aluminium profiles. Steel or plastic counterweights, which run smoothly and quietly within the columns and are maintenance-free. The display in front of the pylons can be moved vertically. See table for maximum pylon height.
Installation: Wall-mounted.
VS-Displays of the VS DUAL type are available in sizes 65, 75 and 86".
Optionally available with a sound system, cable sets, OPC, projector, mini PC and Apple TV.
Service: Includes freight, professional installation, handover with functional testing and final display calibration.
