Product information

MediaPilon-GG 1.1

Height-adjustable mounting system with a board surface for VS DUAL displays.

Pairs of pylons (2 pairs of columns) made of extruded, naturally anodized aluminum profiles. Counterweights made of steel or plastic, lightweight, quiet, and maintenance-free as they run inside the columns. Display and panel wings can be moved vertically between the pylons. See table for maximum pylon height.
Installation. Wall mounting.
Board surface made of sheet steel, screwless edging with rounded profiles, chalk rail, and optional sponge holder, each made of naturally anodized aluminum. Plastic safety caps in the corners.
VS Displays of the VS DUAL type in 75- and 86-inch sizes are available.
Optional with a sound system, cable sets, OPC, projector, mini-PC, and Apple TV.
Service: Includes shipping, professional installation, handover with functional testing, and final display calibration.
