Product information

MediaPilon-GG 1.4

Height-adjustable mounting system with 4 side boards for VS DUAL displays.

Pair of pylons (pair of columns) made of extruded, naturally anodized aluminum profiles. Counterweights made of steel or plastic, lightweight, quiet, and maintenance-free, running inside the columns. The display and panel wings can be moved vertically. See table for maximum pylon height.
Installation. Wall mounting.
4 board surfaces made of sheet steel, screwless edging with rounded profiles and a dirt-catching channel, each made of black anodized aluminum. Plastic safety caps in the corners.
VS Displays of the VS DUAL type in sizes 75 and 86" are available.
Optional with a sound system, cable sets, OPC, projector, mini-PC, and Apple TV.
Service: Includes shipping, professional installation, and handover with a functional test.
