

Product information

NF-Swing

Forward-sprung cantilever chair.

Frame made from curved, powder-coated or chromium-plated circular steel tube. With an extremely stable strut between the skids. Optionally available with armrests and plastic lining.

Seat and backrest shell manufactured using a monosandwich process. Made from polypropylene with a hard core and glass-fiber content. With a flexible outside and edge area to prevent uncomfortable pressure points when sitting. Optionally with a tightly upholstered seat and backrest area.

Equipment and options. Glide elements for hard or soft floors or dual-component multipurpose glide elements or, optionally, interchangeable glides with replaceable glide elements. Optionally available with table edge protection for piggy-back chair stacking.

Warning: The NF-Swing cannot be combined with the Duo-C 2451 school desk.

The following material groups are available: Frame made of steel tube: M1,(chrome-plated); Seat and backrest: C7; Fabric cover: S46,51,64,74,78,79,82,84.

	Upholstery: Seat 20 mm. Backrest 10 mm.		Optionally with table-edge protection for piggy-back chair mounting.
