

Product information

NetWork

CPU accessories and stand-at desk.

CPU-holder for attachment of the CPU to the table side.

L-shaped grid of powder-coated steel rod. The holder is inserted into the functional gap between tabletop and frame. Further shelves can be hung onto it. The CPU is secured with a strap and quick-release fastener.

Hanging shelves are of melamine-resin laminated chipboard with glued-on plastic edges and rounded corners. Fitted with a bracket of powder-coated steel rod for hanging onto the CPU-holder and CPU-grid, for the upper and lower positions.

Stand-at desk for insertion into the functional gap between tabletop and frame. With a swivelable post of powder-coated steel tube as well as a working surface of melamine-resin laminated chipboard.

The following material groups are available: Frame made of steel tube: M(arctic); Top made of chipboard: L(black).
