

Product information

Prevent

Tables and benches for the hallway area.

System consisting of benches, tables and bar tables with a foot rail.

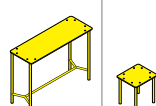

Frame consisting of a rectangular steel tube frame with welded legs made of round steel tube, colour-coated with epoxy resin powder. The **table** and **bench** are equipped with floor fastenings as standard for installation in corridors or fire protection zones. They are vandal-proof, i.e. scratch-resistant, moisture- and heat-resistant and graffiti-resistant. All surfaces are easy to clean and can be disinfected.

Tables available in 2 sitting and standing heights. **Bench** available in 2 sitting heights.

Seat and table top made of 12 mm mineral board, fastened to the frame with continuous screws.

Fire protection: All models are classified as non-combustible in accordance with fire protection class A2-s1 d0, DIN EN 13501-1.

The following material groups are available: Frame made of steel tube: M1; (grey white A2).

	Table heights (± 0.8 in) for students' desks Sitting (Annex A) Standing (Annex C) ● 4 = 25.2 in ● C4 = 34.65 in ● 6 = 29.95 in ● C6 = 41.75 in Seating heights for students' benches ● 4 = 15 in ● 6 = 18.15 in
