

Product information

RondoLift-R

Height-adjustable teacher's desk in sitting/standing height with round tube column and base.

Frame consisting of a round central column and a four-legged cross base, each powder-coated. Column with integrated gas spring and hand switch at the edge of the top. This is protected against unintentional release of the gas spring. The cross base is equipped with lockable castors or glides.

Table height is infinitely adjustable (see table).

Table top made of melamine resin, laminate or veneer-coated chipboard with glued-on plastic or wooden edge or high-strength HPL solid core board.

Equipment: Available with an optional lockable pull-out on the user's side, or two pull-outs positioned on either side, each lockable. Available with an optional panel beneath the tabletop.

Electrification: (model 22242) optionally with a free-hanging cable tube.

The following material groups are available: Frame made of steel tube: M2; Top made of chipboard: L6; Chipboard with laminate: L2; Top veneered: F1; HPL-top: L4,(white writable).
