

Product information

ScreenPlus

Table screen.

Design constructed from an all-round, fabric-covered frame made from oval steel tubing, optionally filled with acoustic foam.

System consisting of linear elements and angle elements with side parts of 15.8 or 23.65 in width to be mounted on the left or right sides of Series 910 tables. The positioning of the linear screens can be chosen freely across the entire width of the table.

Assembly. ScreenPlus is fixed with the integrated tool to the tabletop of Serie 910-De, NetWork or the Serie 910-DFe function rail using a clamp-type retainer.

Function. The fabric-covered screen guarantees visual protection and privacy. When filled with acoustic foam, ScreenPlus complies with sound absorption class C.

The following material groups are available: Fabric cover: S46,51,74,78,79,84.
