

Product information

Shift+ Landscape

Soft seating and storage elements.

System consisting of upholstered seating elements as well as storage elements.

Upholstered elements are straight, curved, or angled stools. Individual elements can be combined to form complete landscapes. Elements have a floor plate with glides for hard floors, soft floors, or 2-component universal glides and a foam cushion with leatherette cover. The round stool (09368) is made of a solid EPS core.

Seating sizes in 3 fixed heights (except for model 09437) in accordance with DIN EN 1729.

Fire protection: The upholstered elements are in accordance with CAL TB 117-2013.

Storage units of laminated LIGNOpal chipboard with plastic edge. With glued center wall for partitioning the body and rows of holes (1") for adjustable shelf inserts, and a perforated-metal back panel.

Function: Curved seating and cabinet elements can be combined linearly and, thanks to the matched inner and outer radii, back-to-back to create circular and serpentine seating/cabinet landscapes.

The following material groups are available: Storage body made of LIGNOpal: L4; Perforated metal: M1; Fabric cover: S40,64,82.

Shift+ Landscape	Seat heights for students' seating elements ● 2 = 11.85 in ● 4 = 15 in ● 6 = 18.15 in
