Shift+ Up

Table-bench platform

for presentations and floor-level learning.

Multipurpose unit which can be used as a platform, table or bench. Stage-like landscapes of a maximum of two levels can be created from the rectangular and triangular elements. Centre distances matching the storage room units and mats of the Shift+ series.

Frame made from circular steel tubing with all-round rectangular tube edge. The legs are equipped with conical stacking and glide elements and can be securely stacked on top of one another up to a height of two using a spring buffer. Elements located next to one another (max 20 sqm) must be linked together using a flexible rotary connector. Optionally with guide for plastic Grannells boxes.

Tops made from plywood. One side with anti-slip screen-printed structure for standing on and the other with a smooth surface for use as a table or for writing. The top can also be turned without the need for any tools. The sides can be closed off with an insertable panel for use as a stage.

Transport cart for the tops and the elements inserted in one another.

The following material groups are available: Frame made of steel tube: M1; (plain black); Grannells plastic box: C3.
