

## Product information

### TopPilon-Tridacta

#### Pylon board with two writing and one projection surface.

**Two pairs of pylons** (pair of uprights) made from extruded aluminium profiles with natural anodized finish. Counterweights made from steel or plastic, lightweight, low-noise and maintenance-free, travelling in the uprights. The board surface can be moved vertically and horizontally in front of the pylons. See table for maximum pylon height.

**Installation.** Wall mounting.

**Board surfaces** made from steel sheet, held in frame without screws, with rounded aluminium profiles and safety corners. Wiper holder and chalk strip on the board surfaces (**F1, F2**) made from aluminium with natural anodized finish and with side safety caps.

Centre, wall-mounted **projection surface**. Surface can be tilted to any position, held in frame without screws, with rounded aluminium profiles and safety corners.

**The following material groups are available:** Pylon made of aluminium: M(anodisé); Writing surface made of steel: E1; Projection surface: E(matt white).

**Further products on this page:** JUMPER Air Move, EcoTable-Q.
