

Product information

TriTable-III

Triangular table.

Frame made from welded round tubular steel legs with rectangular tubular steel top frame, all powder-coated. Table with glide elements for hard or soft floorings or with 2C universal glide elements.

Table in 7 fixed heights or with 5-position Allen-key height adjustment.

Table top (right-angle triangle with two equal sides) made from melamine resin or laminate-coated chipboard with glued plastic edge or with a high-density, solid HPL top, both with rounded corners (radius 25 mm).

Function: Many combinations possible to form rows or group workspaces. The tables are stackable and are equipped with stack protection at the lower edge of the frame. Optionally available with removable plastic tray on the long table side.

Equipment: Optionally available with castor at the 90° corner or with three castors.

The following material groups are available: Frame made of steel tube: M1; Top made of chipboard: L4; HPL-top: L4; Chipboard with laminate: L2,(white writable); Grannells plastic box: C3.
