- Product certification in compliance with national and international standards
- Global trade certification
- Product development, manufacture, packaging, and shipment in line with strict environmental requirements
- Active member of the UN Global Compact and thus express commitment to its ten principles in the areas of human rights, labour standards, environmental protection and the fight against corruption

### Production

VS performs its development and production operations exclusively at its headquarters in Tauberbischofsheim – with a high level of integrated internal parts and component production and guaranteed "Made in Germany" quality.

- Production area of more than 130.000 square meters in 7 plants with a state-of-the-art machine pool
- Core competencies in the key manufacturing areas of sheet and tubular steel machining

### Product Portfolio

The broad VS product range is based on modular systems. This makes it possible to respond flexibly to customers' wishes and to offer tailor-made customer solutions.

- Education: Pupils' and teachers' chairs, pupils' and teachers' desks/tables, cabinet-type units, padded elements
- Office: Workplaces, swivel and multipurpose chairs, cabinet-type units, room partition elements, padded elements
- Boards, displays, whiteboards, projection surfaces and media systems for interactive learning and visual collaboration

### Sales

In Germany, VS sells directly to its customers and also co-operates with selected distribution partners worldwide. Short communication paths, great proximity to our customers and professional product support all come as standard at VS.

- Sales branches in Germany: Berlin, Dortmund, Munich, Tauberbischofsheim
- Subsidiaries: VS Visuelle Medien, VS Service (both Tauberbischofsheim/Germany), Speedpoit (Darmstadt/Germany), Mobilier VS (Asnières/France), VS America (Charlotte/USA), VS Furniture Middle East FZC (Sharjah/United Arab Emirates), VS Furniture Australia (Australia)

### Services

With its network of dedicated VS consultants, planning offices, project managers and key account managers throughout Germany, VS offers end-to-end customer support in the fields of both furniture and fittings and visual media.

- Consulting and installation planning, delivery, assembly and service
- Consulting and planning for media system solutions, delivery and assembly, software installation, training and system support
- Professional on-site project management and implementation
- Logistics concepts and control during conversions and relocations
